Why do you plan to attend graduate school? Explain how graduate school will contribute to your career goals

***

Application form: training and work experience

- Please list in this section any previous training and work experience, and your present employment (if applicable)

- List any honors or scholastic distinctions you received in college/ professional societies.

- List up to three scientific publications, if available; you can also upload the full-text of the document

Please note:

- You can also use this field to attach a file with any relevant information for the description of your research project, you could not enter in the application form (for example, Chemical structures)

Application form: training and work experience

- Describe also your previous research experience, and write your motivation letter in the field «why do you plan to attend graduate school»

- Your research training (skills, competences and publications) and your motivation will be evaluated too

Evaluation criteria / 1 Project description

- Please pay particular attention to the section of the application form requiring the submission of an hypothetical research programme, since it will be considered for the evaluation of the candidates research aptitude.

- Provide a title of the research, and include the state of the art of the topic, the objective to be reached in the project, the expected outcomes, the methodology you would like to follow, some references.

Evaluation criteria / 2

Research Topics

- Then Browse the Research topics list to identify the projects of your interest andlist up to 2 projects in order of preference (the entire list is available at isas.unicam.it, in the [section related](#) to PhD in Theoretical and Applied Neuroscience)

Evaluation criteria / 3

- In the first phase of the evaluation, the research proposal will be checked for plagiarism using a special software package; any infractions will result in the application being excluded from further evaluation.

Evaluation criteria / 4

- Based on the documentation produced by the candidate, especially as regards the research proposal, the Admissions Committee will apply the criteria set forth in the European Framework for Research Careers.

Admission criteria and pertaining weight:

- Scientific qualifications

- Scientific qualifications: max 20 points

- Project proposal: max 20 points

- Admission to oral exam: Minimal score 20/40

- Oral exam: 60 points

- Total score: 100 points

- Admission: Minimum of 70 points

Application form: presenter

- Candidates must provide at least three references (professors/ researchers) who will act as referees on their behalf.

- The admission office will contact them by e-mail and request to submit a recommendation letter using the form available on the university website.

- Candidates must ensure that at least one letter of reference is received within the deadline

- Failure to do so will result in the application non being considered for admission to the program.

Application form / 5

- When you have entered all information, Click on the button CONFIRM ALL DATA

- You'll receive the following message:

Your application procedure is successfully concluded and will be evaluated.
Thank you for your interest in the PhD programme of the University of Camerino.

Application form / 5

- Please verify that you have received the confirmation message, otherwise your application is not complete and it will not be evaluated

- If you haven't received the confirmation message, please contact paolo.mancinelli@unicam.it

Presenter form

- The presenter has to click on the link provided in the mail, and download the presenter form (by clicking on presenter form).

- The presenter form has to be filled out and saved on the presenter's PC, within a support letter

- It is mandatory to write also a support letter at the foot of the form

Download the presenter form

Load the presenter form / 2

- Then, the presenter has to search the file on the PC (by using the button sfoglia) and to load it
- The presenter form will be automatically annexed to the application form of the candidate

Load the presenter form / 2

OOOOOOOOOOOOOOOOOOO

3. The presenter form will be annexed to the Application form of the candidate

2. Click on load to Load the presenter form

1. Click on sfoglia to look for the file on the PC

Presenter form

- PLEASE NOTE: If you would like to act as presenter for more than one candidate, please select the button SELECT near the name of the applicant, before loading the presenter form

Presenter form

- Should you have any query, please refer to paolo.mancinelli@unicam.it for technical problems or contact postlaurea@unicam.it

- Do not send any reply to the email message you received

Second phase of the evaluation

- The eligible candidates, included in the *short list*, will be invited for an interview in order to complete the final rankings for each area. The interviews will be online and conducted in English by a Committee appointed by the Doctoral Advisory Committee for each doctoral program.

Evaluation criteria / 1

- Carry out research under supervision
- Have the ambition to develop knowledge of research methodologies and discipline
- Have demonstrated a good understanding of a field of study

Evaluation criteria / 2

- Have demonstrated the ability to produce data under supervision
- Be capable of critical analysis, evaluation and synthesis of new and complex ideas
- Be able to explain the outcome of research and value thereof to research colleagues

3.

		Low (2 points)	Sufficient (2,5 points)	Good (3 points)	Very good (3,5 points)	Excellent (4 points)
